

2nd Northern German Differential Geometry Day

(Hamburg - Hannover - Kiel)

Leibniz Universität Hannover, 12. November 2010

P R O G R A M M E

· 11:00 – 12:00, F303

André Neves (Imperial College, London)

Title: „**Positive scalar curvature and minimal surfaces**“

· 12:15 – 13:15, F303

Diego Conti (Università di Milano-Bicocca)

Title: „**Special geometries on Lie algebras**“

· 13:15 – 15:30: **Lunch break**

· 15:30 – 16:30, F342 (Kleiner Physikhörsaal)

Esther Cabezas Rivas (Westfälische Wilhelms-Universität Münster)

Title: „**Giving a geometric explanation of some Ricci flow foundations**“

· 17:00 – 18:00, F342 (Kleiner Physikhörsaal)

Florin Belgun (Universität Hamburg)

Title: „**Submanifolds and product structures in conformal geometry**“

The conference venue is: Leibniz Universität Hannover

Welfengarten 1 (Main building)

Lecture halls F303 (morning) and F342 (afternoon)

Organisers: Vicente Cortés (Universität Hamburg)

Jens Heber (Christian-Albrechts-Universität zu Kiel)

Knut Smoczyk (Leibniz Universität Hannover)

Supported by the Graduiertenkolleg GRK 1463 „Analysis, Geometry and String Theory“
